26 de septiembre de 2021

A world map showing the distribution of FIRMS (Fire Incident Remote Sensing Monitoring System) data. The map is overlaid with a semi-transparent blue band containing the title. Red dots are scattered across the landmasses, indicating fire incidents. There is a high concentration of dots in North America, particularly in the United States, and another significant cluster in South America, primarily in Brazil. Other smaller clusters are visible in Europe, Africa, and Asia.

# Datos satelitales - FIRMS

An anime-style illustration of a person's hands holding a photograph of four anime girls. The person is wearing a dark blue long-sleeved shirt and holding a small white flower in their right hand. The background is a warm, golden-brown wooden floor. A large, semi-transparent blue circle is centered over the photo, containing the text 'THANK YOU' in a green, serif font.

THANK YOU
